The first snow of the year fell today at the Lily Sugar'n Cream design center, and we can't help but feel the magic in the air. Whether the forecast says sun or snow near you, download these wintry patterns filled with holiday spirit! Celebrate the season one stitch at a time!

Snow Man Gift Card Cozies

Christmas Tree Gift Card Cozy

Looking to make your Secret Santa gift shine? Gift cards have a personal touch with these adorable cozies. The **knit** and **crochet** Snow Man Gift Card Cozies keep gift cards safe and secure. Or knit a quick and easy mini **Christmas tree** - the tree is a simple combination of stockinette and garter stitch, but with buttons for ornaments and a colorful seam, it becomes a unique gift for friends and family who are notoriously hard to shop for.

Winter Princess Lily Doll

Lily is back and ready for an elegant winter filled with snowy adventures. This fun Lily version includes a sleeveless evening gown, winter princess crown, opera gloves, snowflake appliqué, and even a cape! Using the amazing **Lily Sugar'n Cream** shade range and this pattern, you can create evening gowns for all of Lily's important society events.

Christmas Tree Dishcloth

Oh what fun it is to scrub with this **Christmas Tree Dishcloth!** While we can't promise dish time fun (that's up to you!), the decorated ridges of this textured tree definitely make dishwashing easier and more entertaining. An engaging knit project with beautiful lacy texture, the tree's trademark ridges are created using a simple pleating technique.

Assorted Snowflakes

Four different snowflake designs you can use to decorate your home, office, or include with holiday gifts as a special surprise. Hang them as ornaments from your tree and windows for a special touch of winter beauty.

Lily Sugar'n Cream is available year round for your home decor projects, kitchen items, gifts, or anything else you can imagine making with your hooks and needles.
