The Unforgettable Colors and Flavors of Summer

We can't all have green thumbs. But we all can enjoy the bounty of nature. This doesn't just mean enjoying your favorite garden salad, but also appreciating the fruits and veggies themselves. A painter's palette of color, the beauty of foods fresh from the garden is something to treasure. That's why we're making it possible for you to grab onto this moment and enjoy it year round, crocheted in [Lily® Sugar'n Cream®](#).

Bright, Bold Vegetable Patterns

If you're looking for a lasting way to enjoy the beauty of summer, crochet your own vegetable bouquet. Every stitch will keep you in tune with the beauty of nature, year round. Place them in your kitchen to keep your fruit and vegetable bowl looking fresh no matter the season.

This fun pattern to [download](#) includes instructions to make your own tomatoes, corn on the cob, eggplant, radishes, and carrots. Crochet your favorites or make the whole set for a colorful bounty.

You'll be amazed at how many vegetables you can make with just one ball of [Lily® Sugar'n Cream®](#). With one ball each of Sage Green and Red you can make 7 Tomatoes or 22 Radishes. Add some Hot Orange, Daisy, and Hot Purple and you'll have the full set. [Download](#) the basket pattern (seen here in shade 20244 Green Twists) for the full effect.

Keep Your Gardens Growing

Get outside and enjoy the sun with these four great crochet patterns. This Sun Hat is great for gardening, but is stylish enough for daily use. The whimsical gardening pad makes your outdoor adventures that much more comfortable and relaxing. And for the ultimate in convenience, the garden apron and handy tote keep everything you need at your fingertips.
