4th of July Picnic

Have a wonderful picnic this 4th and make these eight great patterns to keep things festive. The BBQ apron, with a pouch for utensils is great for the chef and the chef's assistants. Make festive can holders to keep drinks cool on a hot day. With a picnic blanket that doubles as a giant game of checkers, comfy flag cushions, and red white and blue place settings, you'll be celebrating in style! To bring supplies to and from the picnic, don't forget to bring one of these great patriotic bags.
